The King's fund – The NHS 10-year plan: how should the extra funding be spent?

The government has announced increases in NHS funding and has asked the NHS to come up with a 10-year plan for how this funding will be spent. In this new long read, Professor Sir Chris Ham and Richard Murray explore the opportunity offered by the NHS 10-year plan to tackle the issues that matter most to patients and communities and to improve health and care.

You can also read Chris's blog on why improving population health and reducing health inequalities should be at the centre of the NHS 10-year plan

Welcome | Tēnā koutou

We are pleased to officially announce the dates for the All Together Better Health IX 2018 Conference in Auckland New Zealand.

Save the date in those calendars today!

ATBH IX 2018 |
Monday 3rd to Thursday 6th September 2018
Held at Auckland University of Technology (AUT)
Auckland, New Zealand

The New Zealand ATBH IX 2018 Conference Committee welcomes you to this event. We will, starting on Monday, craft a selection of **pre-conference workshops** followed by a **traditional Maori powhiri welcome** (not to be missed), that will conclude with drinks and nibbles.

The **conference proper** runs from **Tuesday 4th to Thursday 6th September**, with the **conference dinner** held on the **night of Wednesday 5th September**. Tuesday will be a 'free evening', giving you the chance to explore the many culinary or cultural options Auckland City has to offer. Our Conference Committee Social team will provide conference attendees with more details on this in the lead up to the event.

All conference information including a draft [conference programme](#), the [conference venue](#), our confirmed [Keynote Speakers](#), and details on [Auckland city](#) are currently on our [website](#). We will keep the website updated so be sure to watch this website space (and our e-news on the conference) as we announce our New Zealand Keynote Speaker, abstract submission and early bird registration dates in the coming months....

Conference Theme
Transforming the Landscape of Healthcare
Ohomairangi te Hauora Manaaki

The Maori translation & meaning of our conference theme is explained in the video below.

Transforming the Landscape of Healthcare |
Ohomairangi te Hauora Manaaki

Oho		awakening, creating, bringing forth (something new)
Mairangi		celestial light, in this context - bring to light these new ideas or approaches
Ohomairangi		bringing forth or creating new/innovative ideas
Te Hauora		within health
Manaaki		care, caring

That is all for now. We will be in touch with regular e-news updates leading up to the conference. And thanks for being part of the [All Together Better Health IX](#) worldwide family. We look forward to welcoming you all to Auckland, New Zealand, in September 2018

12th International Conference on Practice Teaching and Field Education in Health and Social Work Oxford 10th – 11th September 2018

'Programme now available'

Innovation in Practice Learning and Field Education

This is a major international conference of interest to anyone involved with the professional development of students in any field of health or social care.

The following are themes relevant to the conference as guidance but we welcome novel proposals relevant to the overall theme of the conference.

Themes for papers, workshops or paper presentations will include:

1. Technology-based innovation – the use of innovative technology in practice learning
2. Practice education tools and models
3. New perspectives in adult learning
4. Research on practice learning and field education

5. Interprofessional practice learning
6. International approaches to practice education

The Guidelines International Network Conference Announcement and Call for Abstracts – The Guidelines International Conference Team are delighted to announce the G-I-N 2018 Conference – 11th – 14th September 2018, Manchester, UK

WHY WE DO WHAT WE DO THE PURPOSE AND IMPACT OF GUIDELINES

G-I-N 2018 is an exciting opportunity for all those who work with guidelines in health and social care to come together; from development and methodology through to implementation and evaluation.

The event will host discussions on a range of issues including the benefits of guidelines for patients and how guidelines can support shared decision making, to addressing variations in care. It will be an exciting opportunity to reflect on what peers are doing in the field of evidence-based practice, what challenges we face in the digital age, and the role that

guidelines play in driving and enabling high quality care.

For details, to register please [click here](#).

The logo for The King's Fund, featuring the text "The King's Fund" in a white, sans-serif font on a black rectangular background. The word "The" is smaller and positioned above "King's". "Fund" is on the second line, followed by a white chevron symbol pointing to the right.

The King's Fund integrated care summit. 20th September 2018 London

The King's Fund integrated care summit is back and this year, sessions will discuss:

- different models of integrated care including: primary and acute care systems (PACS), integrated care partnerships (ICPs), multispecialty community providers (MCPs), and neighbourhood-based models
- what progress has been made
- breaking down sector silos
- shaping new models of care with patients and communities
- integrating beyond health and care services
- leading integrated care.

**The King's Fund – Building your authority: influencing beyond your role. 1st–5th
October 2018,**

Now, more than ever before, leaders at all levels need to be able to work more collaboratively and to influence beyond their formal reporting lines. They also need to be able to work with colleagues – both senior and junior – from different professional backgrounds and organisations. Building Your Authority is a five-day programme that aims to equip you with tools and strategies that will enable you to influence beyond your role and build your capability to work effectively within groups and across systems.

Social prescribing Coming of age

Tuesday 6 November 2018
#socialprescribing

The King's Fund Social prescribing: coming of age 6th November 2018 London

Following the sell-out event last year, this year will be moving from examining the case for social prescribing and the benefits it offers to exploring the ways in which it can be embedded and implemented. In collaboration with the College of Medicine and the Social Prescribing Network, they will look at how it can be measured and the impact it is already having on outcomes for patients.

Come along to this event to hear from local areas around the country who have implemented social prescribing models and can report on their learning and outcomes and provide practical resources for commissioners, clinicians and voluntary and community organisations looking to adopt and implement social prescribing in their own locality.

[Early bird rates available – book now](#)

**Community-Based Primary Health Care Working Group, 10th November, 2018.
California**

In this interactive workshop, participants will share their own expertise as well as develop new knowledge and understanding about issues with global experts in CBPHC and CHWs.

Conference topics will include:

- Review of the latest evidence on the effectiveness of CBPHC as a strategy to achieving health equity,
- Debate on the pros and cons of vertical, horizontal and diagonal approaches to achieving universal health,
- Sharing of resources for the implementation of CBPHC,
- Case studies on effective global CBPHC programming,
- Community based participatory research (CBPR) and its relevance to CBPHC, and
- Global funding for CBPHC. This workshop is sponsored by the CBPHC working group of the international health section.

The King's Fund The public and the NHS: what's the deal?

The NHS is under financial pressure with growing demand for services. As the NHS reaches its 70th birthday, The King's Fund has been exploring how the public views its relationship with the NHS. In March 2018, in partnership with Ipsos MORI, they carried out three 'deliberative workshops' to explore this issue.

This paper explores the public's expectations of the NHS, the balance between meeting those expectations and living within a constrained budget, and the question of who is responsible for keeping us healthy. It was produced for the BBC by The King's Fund, the Health Foundation, the Institute for Fiscal Studies and the Nuffield Trust.

Genomics Education Programme Needs Your Help!

The Genomics Education Programme website, would like your help. Could you support them by getting involved in some user research activities?

Your feedback at these activities will allow us to maintain and improve the GEP website for users.

User research activities include:

- Design workshop (Birmingham)
- Face to face prototype sessions (London or your workplace)
- Remote prototype sessions

If you are interested in taking part in one or more of these activities please complete [this online screening form](#) and you'll be contacted shortly.

Interprofessional Education*

CAIPE Activities

Report from the CAIPE student twitter chat 26th July 2018 #CAIPEchat. We were delighted by the fast-paced and high quality discussions taking place each month in the CAIPE Student Twitter Chat. In July we discussed “Fun, inspiring and sustainable learning”

[Click here](#) for the storified report.

CAIPE Board

CAIPE Chair, Richard Pitt attended a roundtable discussion at the Nursing & Midwifery Council on Standards for the Future Midwife. He reports that there was much recognition for interprofessional learning and collaborative practice and the need to clarify language.

The NMC are continuing with their consultation process

<https://www.nmc.org.uk/standards/midwifery/education/events/>

Richard has also attended the recent Executive meeting of the National Association of Educators in Practice.

They reported a successful conference back in April and have the 17th May for the 2019 conference. NAEP continue to develop their website and the use of twitter to promote their

aims. Richard updated the executive on recent CAIPE developments.
