

CAIPE e-Bulletin Issue 40 – March 2015

Welcome to the March issue of the CAIPE e Bulletin, a monthly electronic Newsletter providing concise information and links to more in depth information, predominately on the CAIPE website www.caipe.org.uk

NEWS

- **CAIPE Student Committee member Ashley Thomson wins 'Pharmacist of the Future' award.** Scotland's Pharmacy stars have been recognised at this year's Scottish Pharmacist Ball and Awards. The top industry awards, which recognise and celebrate the contributions of pharmacy owners, pharmacists, technicians and counter assistants, as well as suppliers, policy makers and influential figures across Scotland, returned bigger and better than ever with a huge amount of entries received right across the country. CAIPE'S very own Student Board Member from Robert Gordon University, Ashley Thomson was the proud winner of the 'Pharmacist of the Future' award which recognises the industry's most promising future star. Ashley joined CAIPE in the Spring of 2014 and has been an active Committee member during the past year. Her commitment and enthusiasm shines through not only for her own profession but for all health and social professions and for the patients and clients they serve. For the full story go to <http://caipe.org.uk/news/caipe-student-committee-member-ashley-thomson-wins-pharmacist-of-the-future-award/>
- **NHS England has announced the Vanguard Areas for developing new models of care.** The vanguard areas will join up mental health, primary care, community nursing, hospitals, pharmacy and social care. Nine of the 29 successful bidders are primary and acute care systems, while 14 are multi-specialty community providers (GP practices coming together with hospital specialists, community services, nurses and pharmacists to offer primary and specialist services). For more information go to http://www.theguardian.com/healthcare-network/2015/mar/13/nhs-vanguard-areas-new-models-care?CMP=new_1194&CMP=
- **Collaborative care may improve outcomes in childhood ADHD.** This randomized trial compared basic collaborative care and enhanced collaborative care, examining individual-level outcomes in inattention, hyperactivity, oppositionality, and social skills. Evidence-based basic care consisted of primary care-led teams and care managers while enhanced care included additional training in family and social support for care managers. The study concluded that enhanced care using motivational interviewing and positive parenting techniques improved symptoms in children with attention-deficit hyperactivity disorder (ADHD). For more information go to <http://www.2minutemedicine.com/collaborative-care-may-improve-outcomes-in-childhood-adhd/>
- **Collaborative care improves depression in teens** In a collaborative care intervention, a care manager continually reached out to teens delivering and following up on treatment in a primary-care setting (the office of a pediatrician or family doctor, not a psychiatrist or psychologist) at Group Health Cooperative. Depression outcomes after a year were significantly better with this approach than with usual care, according to a randomized controlled trial published in JAMA. For more information go to <http://www.psypost.org/2014/08/collaborative-care-improves-depression-teens-27785>
- **Joint statement in response to Morecambe Bay independent investigation.** Response to report about the maternal and neonatal deaths at University Hospitals of Morecambe Bay NHS Foundation Trust. The Trust stated it was saddened by the tragic and inexcusable events described in this report. They acknowledged that this should never have happened, and must never be allowed to happen again. For the full statement please go to <https://www.gov.uk/government/news/joint-statement-in-response-to-the-independent-investigation-into-maternal-and-neonatal-deaths-at-university-hospitals-morecambe-bay-nhs-foundation-tr>
- **College of Pharmacy to host Mideast Interprofessional Education forum.** Doha: Qatar University (QU) College of Pharmacy has announced that it has won the bid to host the first Middle East conference for Interprofessional Education (IPE) this December. The announcement stated that the college was selected by the Centre for the Advancement of Interprofessional Education (CAIPE), based on QU's lead role in the Middle East in raising awareness and encouraging IPE into curricula. The conference will bring together faculty members from across the Arab world to learn about integrating an IPE approach into their curriculum. For further details please go to <http://thepeninsulagatar.com/news/qatar/326999/college-of-pharmacy-to-host-mideast-interprofessional-education-forum>
- **The Revised Code and Revalidation for Nurses and Midwives.** The revised Code of Professional Standards of Practice and behaviour for nurses and midwives becomes effective on 31 March 2015. The Code will be central to revalidation. Nurses and midwives will need to revalidate every three years in order to remain on the NMC register. For more information go to <http://www.nmc-uk.org/The-Code/>

For more information please go to http://caipe.org.uk/events/?event_id=191

RESOURCES

- **The UK Council of Clinical Communication in Undergraduate Medical Education.** The UKCCC is the UK representative body for the advancement of undergraduate medical education teaching of clinical communication. An independent forum comprising of representatives, from the 37 UK medical schools, striving to improve the quality of communication teaching in undergraduate medical education through research and teaching. The UKCCC supports the development of teaching materials, holds a bank of scenarios and publishes on clinical communication teaching and strategy. Their aims are fulfilled through workshops and a bi-annual conference. For more information please go to <http://www.ukccc.org.uk/>
- **NYU Nursing's Oral Health Nursing Education and Practice (OHNEP) Program Launches Interprofessional Oral Health Faculty Toolkit.** New York University College of Nursing's (NYUCN) Oral Health Nursing Education and Practice (OHNEP) Program announces the launch of an Interprofessional Oral Health Faculty Toolkit, an innovative web-based open source product intended to facilitate integration of oral-systemic health content and clinical competencies into nurse practitioner (NP) and midwifery (MW) curricula. For more information go to <http://www.nyu.edu/about/news-publications/news/2015/03/04/nyu-nursings-oral-health-nursing-education-and-practice-ohnep-program-launches-interprofessional-oral-health-faculty-toolkit.html>
- **The National Centre for Interprofessional Practice and Education supports stories from the Nexus.** "Stories from the Nexus" is a National Centre-supported storytelling series that spotlights diverse examples of the Nexus in action. With the goal of demystifying interprofessional approaches to care and education through dynamic and engaging content, "Stories from the Nexus" connects the voices of individuals and organizations working to change the way people learn about and experience health care. Each "episode" focuses on a specific aspect of interprofessional education and collaborative practice (IPECP) -- from emerging information to case studies and community highlights. For more information go to <https://nexusipe.org/stories-from-the-nexus>

OPPORTUNITIES

- **The John Horder Award 2015.** Invitations to Interprofessional teams working within the primary health care community in the UK or abroad to submit applications. For more information go to <http://caipe.org.uk/news/call-for-papers-john-horder-award-2015/>
- **Join the Guardian Social Care Network.** Join the community for social care professionals, an online space for the latest jobs, features and comment focusing on policy, career and work practice issues. Registration is free. For more information go to <https://register.theguardian.com/social-care/>
