RESOURCES

- **Urgently Needed, a Radical Transformation of Professional Collaboration and Teamwork** by Patricia Benner, April 2012 source Newsletter Educating Nurses. Patricia Benner writes about interprofessional educational innovations fresh in mind from the Josiah Macy Foundation Invitational Conference on Interprofessional Education led by George E. Thibault, MD. <http://www.educatingnurses.com/articles/interprofessional-education/>
- **eLearning: Interprofessional and inter-agency collaboration (IPIAC)** These elearning resources are freely available to all. They provide audio, video and interactive technology to assist in exploring the nature of interprofessional and inter-agency collaboration and in improving collaborative practice.

These resources are suitable for students studying for the social work degree and post-qualifying awards, educators, and practitioners in social work and social care. The resources may also be useful to practitioners and students from other disciplines and may interest people who use social care services and carers who are not directly involved as educators. <http://www.scie.org.uk/publications/elearning/ipiac/index.asp>

- **Training in Interprofessional Collaboration** "This training program was developed for family medicine residents and trainees from various disciplines to develop competencies in patient-centred, interprofessional collaborative practice in primary care.

The program was divided into 3 phases—preparing family medicine unit professionals, training preceptors, and training the residents and trainees. The program's pedagogic strategies allowed participants to learn *with*, *from* and *about* one another while preparing them to engage in contemporary primary care practices. A combination of quantitative and qualitative methods was used to evaluate the implementation process and the immediate results of the training program.
