NEWS

- **The 4th EIPEN conference** The 4th EIPEN conference took place in Slovenia in the lovely city of Ljubljana and was hosted by the Faculty of Health Sciences at the University of Ljubljana. The conference was chaired by Professor Majda Pahor and supported by her colleagues in the Faculty. There were 55 participants from 16 countries and from three continents. CAIPE had a strong representation of nine people all presenting papers, doing workshops and actively participating in the EIPEN members meetings. The conference provided opportunities to share knowledge and experiences, network and develop new contacts with colleagues working in the field of IPE. It was a very enjoyable and sociable event. The social programme included a walk around Ljubljana accompanied by a very well informed guide, who told us about the history and architecture of the city and the conference dinner which was held in one of Ljubljana's oldest restaurants. The venue for next EIPEN conference 2015 is to be announced later in the year. The full report will be posted on the website shortly.
- **Call for Abstracts - All Together Better Health VII, 6-8th June 2014, Pittsburgh.** All Together Better Health (ATBH) is the leading global interprofessional practice and education conference. The conference brings together providers, health system executives, educators, policymakers, and healthcare industry leaders to advance interprofessionalism in health care delivery and education locally, regionally, and worldwide. **Abstracts are due by October 25th 2013** Submissions can take the form of case studies, quality improvement initiatives, process improvement projects, cost benefit analyses, policy analyses, academic research, program evaluation, theoretical models, measurement approaches, and other forms, as applicable.
